Sealed Settlement & Non-Disclosure Acknowledgement

Template v1.2026.07 · Effective date: 2026-05-20

PARTIES & PARTICULARS

CASE REFERENCE	05d242de-2cb4-4711-8c6d-24ece4b68c55
RECIPIENT (LEGAL NAME)	Jayne Francine Semeniuk
GOVERNING JURISDICTION	England and Wales
SETTLEMENT AMOUNT	3,546,320
VERIFIED PAYOUT WALLET	Not on file at the time of signing

WHEREAS the Recipient has progressed through the full IBCCF withdrawal and compliance workflow culminating in the final settlement stage;

WHEREAS the parties intend to memorialise the closure of the case in a tamper-evident document bearing a cryptographic integrity hash; and

WHEREAS the Recipient wishes to acknowledge the confidential and final nature of the settlement;

NOW, THEREFORE, in consideration of the mutual covenants below, the Recipient agrees as follows:

1 Confidentiality

The Recipient shall keep confidential all non-public information disclosed by IBCCF during the course of the case, including (without limitation) the settlement amount, the destination wallet address, the contents of the withdrawal letter, any compliance correspondence, and the existence and contents of this Acknowledgement.

Confidential information may be disclosed only to (a) the Recipient's qualified legal, tax or accounting advisors bound by a duty of confidence; (b) a regulator or court of competent jurisdiction upon a lawfully issued demand; or (c) any other person to whom IBCCF has consented in writing.

2 Finality of Settlement

The Recipient acknowledges that the settlement reflected above is full and final. The Recipient releases IBCCF, its officers, employees and affiliates from any further claim arising from the underlying matter, save for fraud or wilful misconduct discovered after the date of this Acknowledgement.

Once this Acknowledgement is signed, the case is permanently sealed. No further changes may be made to the case body except through IBCCF's documented Override-Seal procedure, which itself is recorded in the audit log.

3 Integrity Hash & Evidentiary Record

This document is rendered to a PDF whose SHA-256 hash is computed at the moment of signing. The hash is displayed to the Recipient in their portal and stored alongside the signed document. Any future alteration to the document will produce a different hash and is therefore detectable.

The signed document, the SHA-256 hash, the Recipient's typed-name signature, the signing timestamp, the originating IP address and the user-agent string together constitute the evidentiary record of this Acknowledgement.

4 Governing Law & Venue

This Acknowledgement shall be governed by, and construed in accordance with, the laws of England and Wales, without regard to its conflict-of-laws provisions. The parties submit to the non-exclusive jurisdiction of the competent courts of that jurisdiction.

5

Entire Agreement

This Acknowledgement, together with the case record and the documents it references, constitutes the entire agreement between the parties with respect to the closure of the case. It supersedes all prior negotiations and understandings on this subject. If any provision is held unenforceable, the remainder shall continue in full force.

ACKNOWLEDGEMENT

By typing my full legal name below and submitting this form, I, the Recipient named above, confirm that I have read, understood, and agreed to every provision of this Sealed Settlement & Non-Disclosure Acknowledgement.
